## About

I'm a dedicated Frontend Developer passionate about crafting dynamic and visually stunning web experiences. Proficient in ReactJS, HTML, CSS, and Tailwind CSS, I specialize in transforming creative ideas into responsive and user-friendly websites. With a keen eye for detail and a commitment to staying updated with the latest web technologies, I create seamless digital solutions that captivate and engage users.

## Certifications | Internships

- Successfully completed 200+ DSA/Coding questions on the Geekster platform, showcasing proficiency in problem-solving skills.
- Actively engaged in multiple Coding contests hosted by the platform, demonstrating adaptability to diverse problem sets and time constraints.
- Contributed to the development of projects such as Github Finder and Chrome Extension, highlighting practical application of acquired skills.

## Projects

### LeetcodeClone |[Github Link][Live]

- Developed the LeetClone project, a web application tailored for users to hone their coding interview skills with algorithmic challenges akin to those on LeetCode. Engineered with a user-friendly interface, developers can effectively tackle problems and evaluate their solutions using the integrated code editor.
- Integrated code editor with syntax highlighting and linting capabilities.
- Tech Stack: **ReactJS, Firebase, TailwindCSS, Redux.**

### G-Drive |[Github Link][Live]

- Designed and implemented a cloud hosting platform resembling Google Drive using React and Firebase. Facilitated seamless storage and management of files and folders in the cloud, ensuring a user-friendly experience. Leveraged Firebase Authentication for secure user login across devices and Firebase Storage for efficient file upload, storage, and retrieval. The application's intuitive interface and collaborative functionalities cater to both individual and team needs.
- Seamless integration with Firebase Authentication for secure Google account sign-in.Efficient file management capabilities.
- Tech Stack: **ReactJS, Firebase Storage, TailwindCSS.**

## Skills

- **Computer Language** : core Java, Javascript,Python
- **Framework/Libraries** : Tailwind CSS ,ReactJS , Redux.
- **Additional Courses** : Operating System, Computer Networking, OOPs, Data Structure and Algorithms.
- **Tools & Technologies** : Git, Github,VS code.
- **Web Development** : Figma, Html, CSS, ReactJs, NodeJs, MongoDb

## Education

| Year | Degree/Examination | Institution/Board | CGPA/Percentage |
|---|---|---|---|
| 2023 | B.Tech | UTU | 7.4 |
| 2017 | 12th | BSEB Patna | 54% |
| 2015 | 10th | BSEB Patna | 67.6% |

## Achievements

- Achieved victory as the Geekathon champion in the domain of web development on the esteemed **Geekster**

## Declaration

I hereby declared that the above details are correct and true to the best of my knowledge.I bear the responsibility for the correctness of the above mentioned particulars.
